SUBMITTAL OF ACCELERATED PROJECT CLOSURE SCHEDULE FOR OPERABLE UNIT 15, INSIDE BUILDING CLOSURES, TO THE DEPARTMENT OF ENERGY/ ROCKY FLATS FIELD OFFICE - SGS-098-95

Action: Submittal to Colorado Department of Public Health and Environment and the Environmental Protection Agency

The purpose of this letter is to transmit the accelerated project closure schedule to the Department Of Energy/Rocky Flats Field Office as requested on March 6, 1995 during the meeting held between Department Of Energy/Rocky Flats Field Office, the Colorado Department of Public Health and Environment, and the Environmental Protection Agency. This schedule is attached.

The schedules, submitted to the Department of Energy/Rocky Flats Field Office on March 8, 1995, were discussed at the referenced meeting. The action received by EG&G Rocky Flats, Inc. from that meeting was to develop a schedule with completion in October, 1995. The accelerated project closure schedule accompanying this correspondence fulfills that request.

During the March 6, 1995 meeting, it was agreed that all remaining reviews by the Department of Energy/Rocky Flats Field Office, the Colorado Department of Public Health and Environment, and the Environmental Protection Agency would be simultaneous. Comments from these reviews will be addressed during a "Round Table Revision" session. The accelerated project closure schedule has been developed using these agreements and respective durations of two weeks for review and one week for revision.

The result of the change in process accelerated the submittal of the Corrective Action Decision/Record of Decision to September 29, 1995. This is an eight-month acceleration. EG&G will agree to the requested milestones and proposed dates submitted on March 8, 1995 along with key assumptions. Any further change to the schedule as submitted herein will require EG&G concurrence.
